Rick – may we combine all the jobs onto one invoice for the data packages (instead of having 8 invoices)?

Ok thanks Lisa.

The invoice should be sent to Renae Cochran (same address as I have listed below). I thought we had this taken care, but if not let us know. I thought the data packages were included in the bill, if not we will have to issue a separate PR to obtain these. Could you provide a cost for the full data package received yesterday and for the remaining reports I listed below.

Appreciate your help.

Rick

Hi.

I was just talking to Beth about that. She mentioned there were more reports, but I was just asking for the one in the subject line, since I just took over the project and did not know the history. So, I am sorry about that.

Also, we were discussing the invoice.

I guess she had sent it to you, and perhaps we should have sent it elsewhere.

Did you forward it to the appropriate person? We were notified by corporate a while ago that there was an issue, so if we need to do something else, I will need to know.

For the LV4 packages, those had not been billed, so we will generate a new invoice for those charges.

We would like to set the invoicing address up correctly, so please advise regarding that.

I will submit the LV4 request to the analyst and hope to have them done in the next few days.

Sorry for the mis-understanding.

Lisa
